

Bartlett Arboretum & Gardens

Annual Report

2021-2022

Overview: The Bartlett Arboretum Association, through a lease agreement with the City of Stamford, maintains a city-owned park open to the public, free of charge, 365 days per year (366 days on leap years). The property features

- 93 acres of irreplaceable open space
- magnificent award-winning Champion trees
- 13 charming gardens
- wildflower meadows & red maple wetlands
- 2.5 miles of woodland walking trails
- varied wildlife and native habitats.
- City of Stamford's Potter's Field (cemetery)

A wonderful getaway from the hustle and bustle of daily life, particularly during the pandemic, the Arboretum serves as a leading recreational and educational resource for area residents and visitors of all ages. For weekend gardeners, budding young botanists, and families with dogs, the Bartlett offers a place to relax, learn, and unplug.

(

The mission of the Bartlett Arboretum & Gardens is to cultivate and develop a diverse collection of trees, gardens, and plants for all to explore, enjoy and study; and to provide through education and stewardship, a greener, healthier, more beautiful environment. We accomplish this by

- Linking visitors from our surrounding communities to the natural world, through our grounds, exhibits and programming.
- Building a community that welcomes and respects the diversity of all visitors, staff, volunteers, donors, and advocates creating an inclusive environment.
- Providing comprehensive environmental, horticulture and plant science educational programs for children and adults of all ages and abilities.
- Preserving the historical significance of the Bartlett Arboretum for current and future generations.
- Creating opportunities for inspiration, recreation, enjoyment, and exploration of the natural world for all who visit.
- Maintaining plant collections that celebrate biodiversity and reflect the ecology and character of our region.
- Promoting conservation and principles of sustainable landscape management.

Vision: To be a nationally recognized center of living collection expertise, education, stewardship, exhibition and horticultural best practices.
